International students

from **117** countries

as of May 2017

## Top Global University Project (2014~)

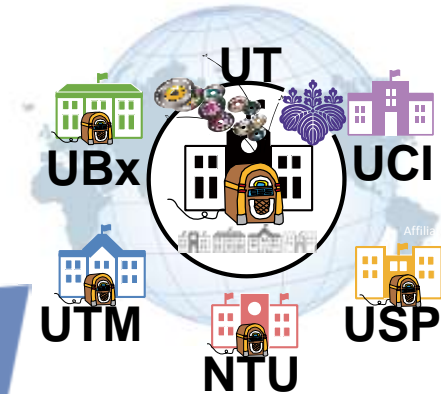

carried out by the Japanese Ministry of Education, Culture, Sports, Science and Technology (MEXT)

⇒ internationalization & university reform

## University of Tsukuba

selected as the Type A (Top Type) category of the Top Global University Project

### Transborder University

Research Reform

Educational Reform

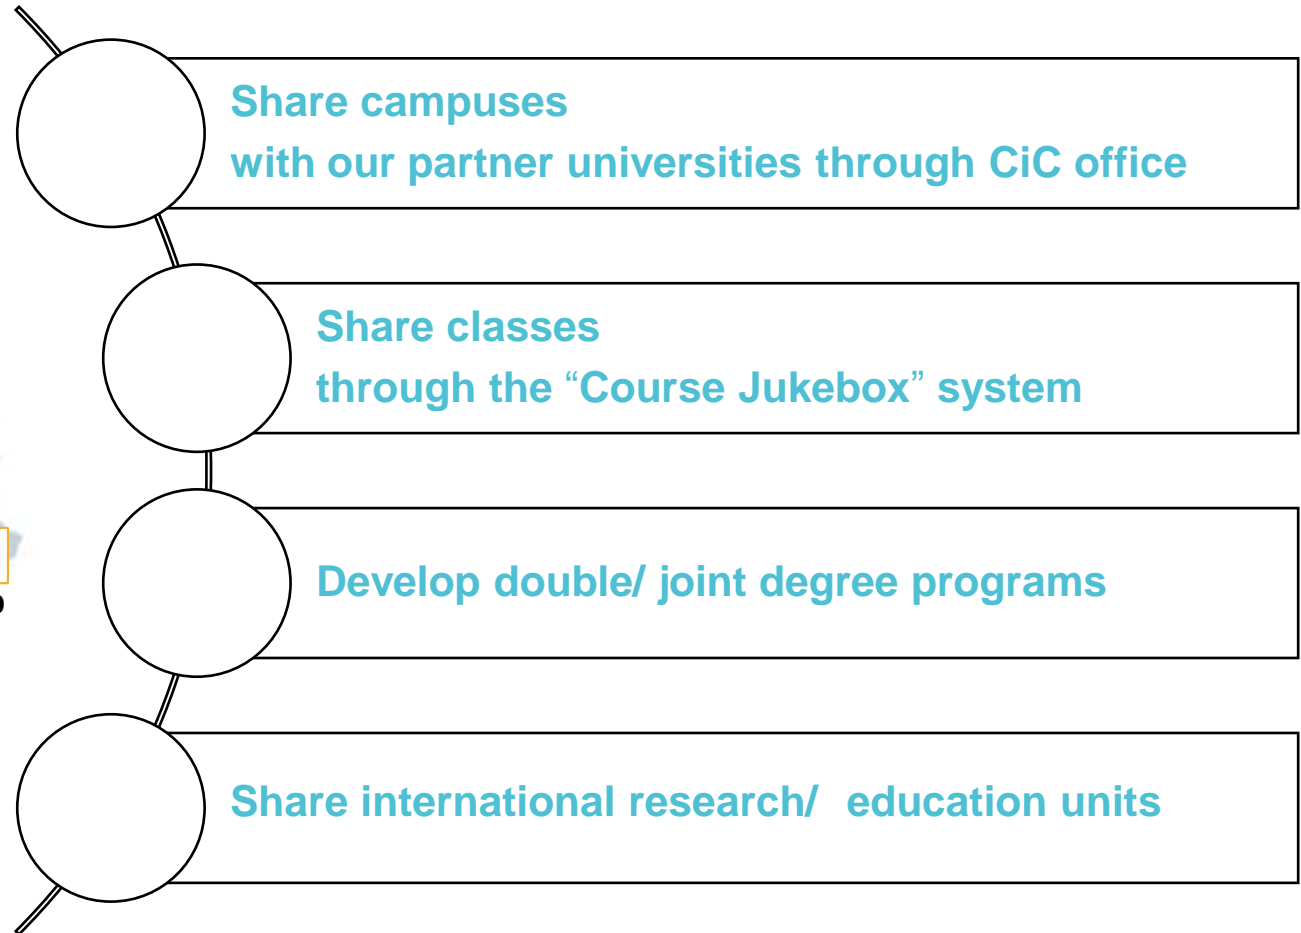

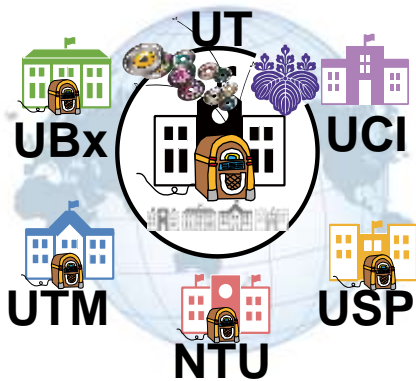

Governance Reform

Transborder education and research

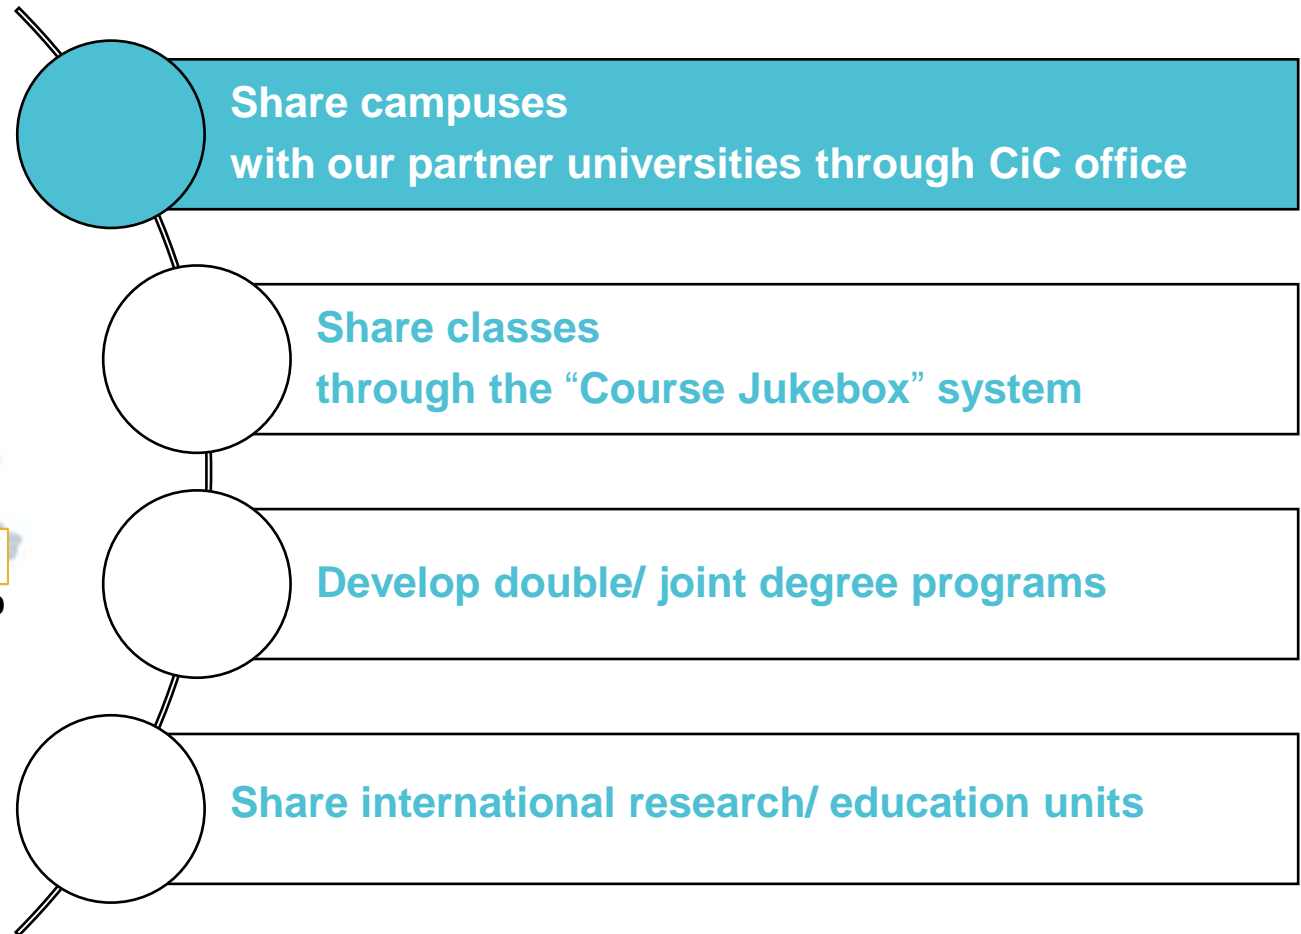

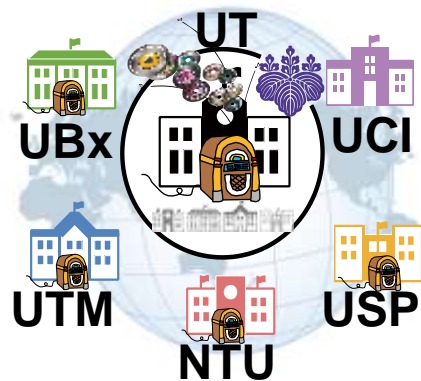

### Campus-in-Campus (CiC)

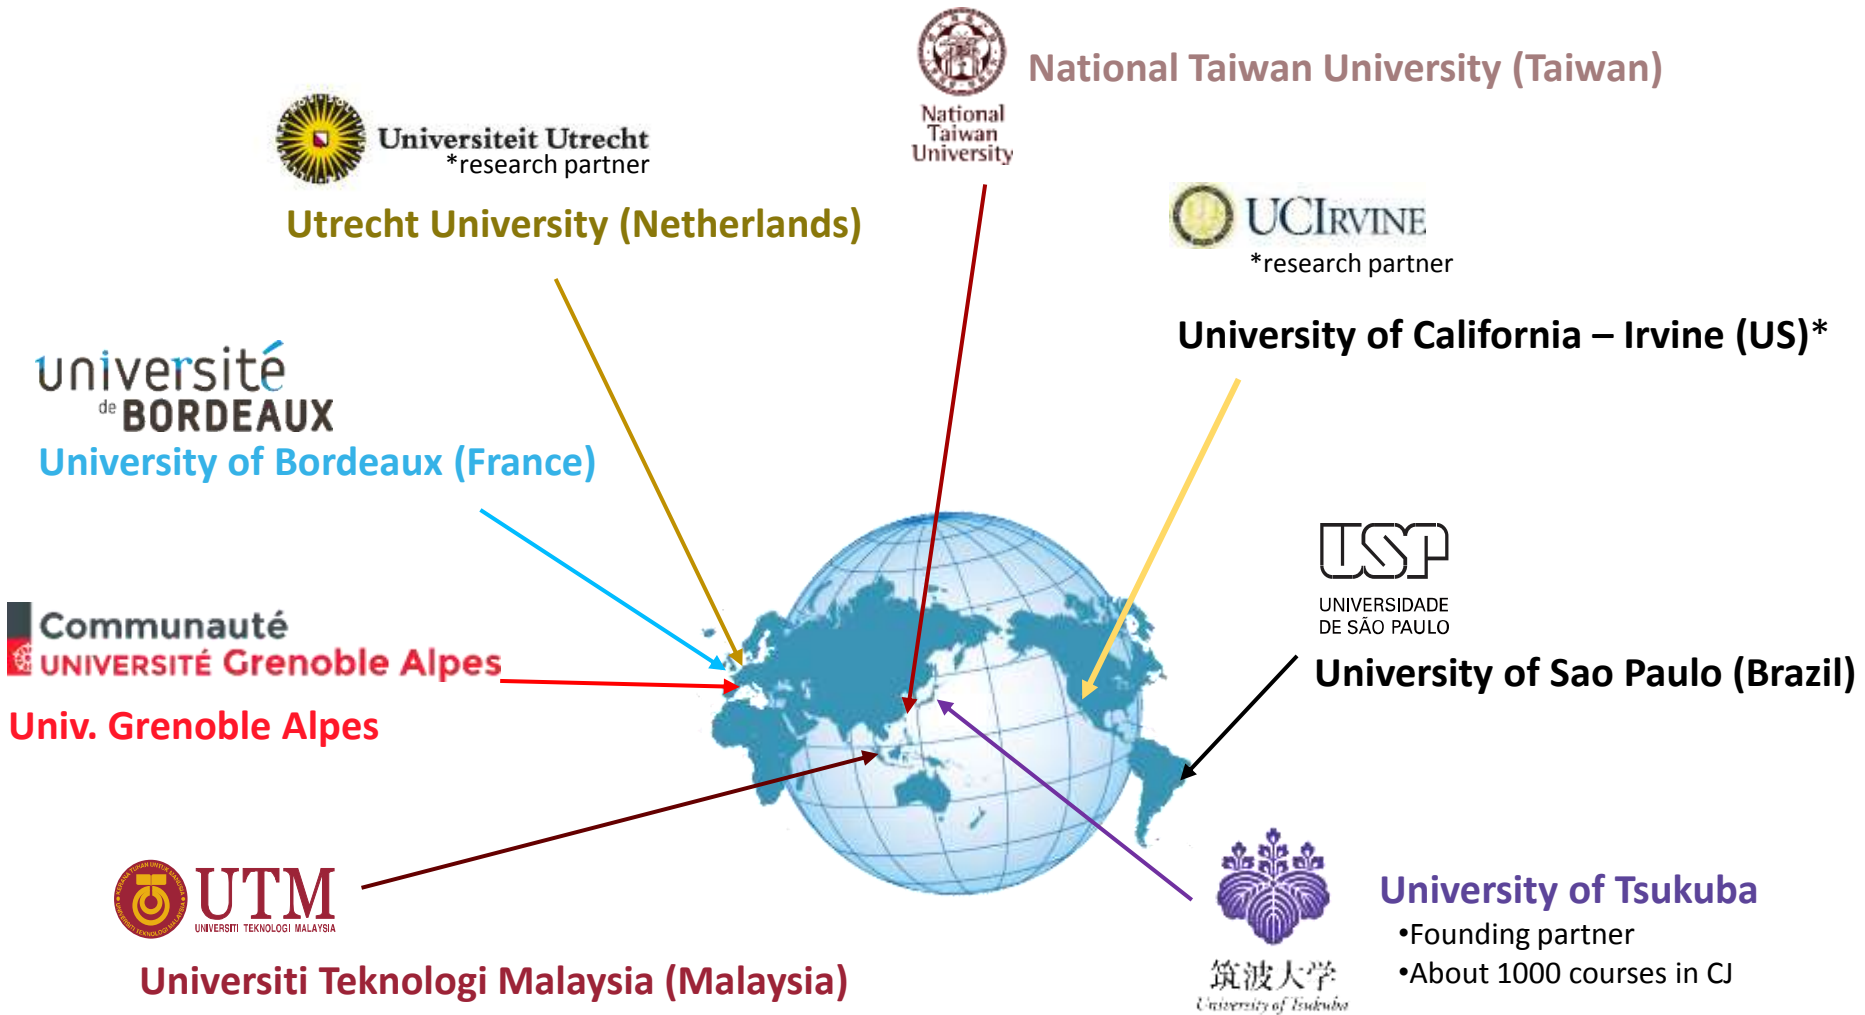

Establish virtual campuses in our partner institutions, while allowing them to set up their own virtual campuses in our campus

## CiC partner's network

## CiC partner's network

**Universiteit Utrecht**  
\*research partner  
**Utrecht University (Netherlands)**

**National Taiwan University (Taiwan)**

**UCIRVINE**  
\*research partner  
**University of California – Irvine (US)\***

**université de BORDEAUX**  
**University of Bordeaux (France)**

**Univ. Grenoble Alpes**

**UNIVERSIDADE DE SÃO PAULO**  
**University of Sao Paulo (Brazil)**

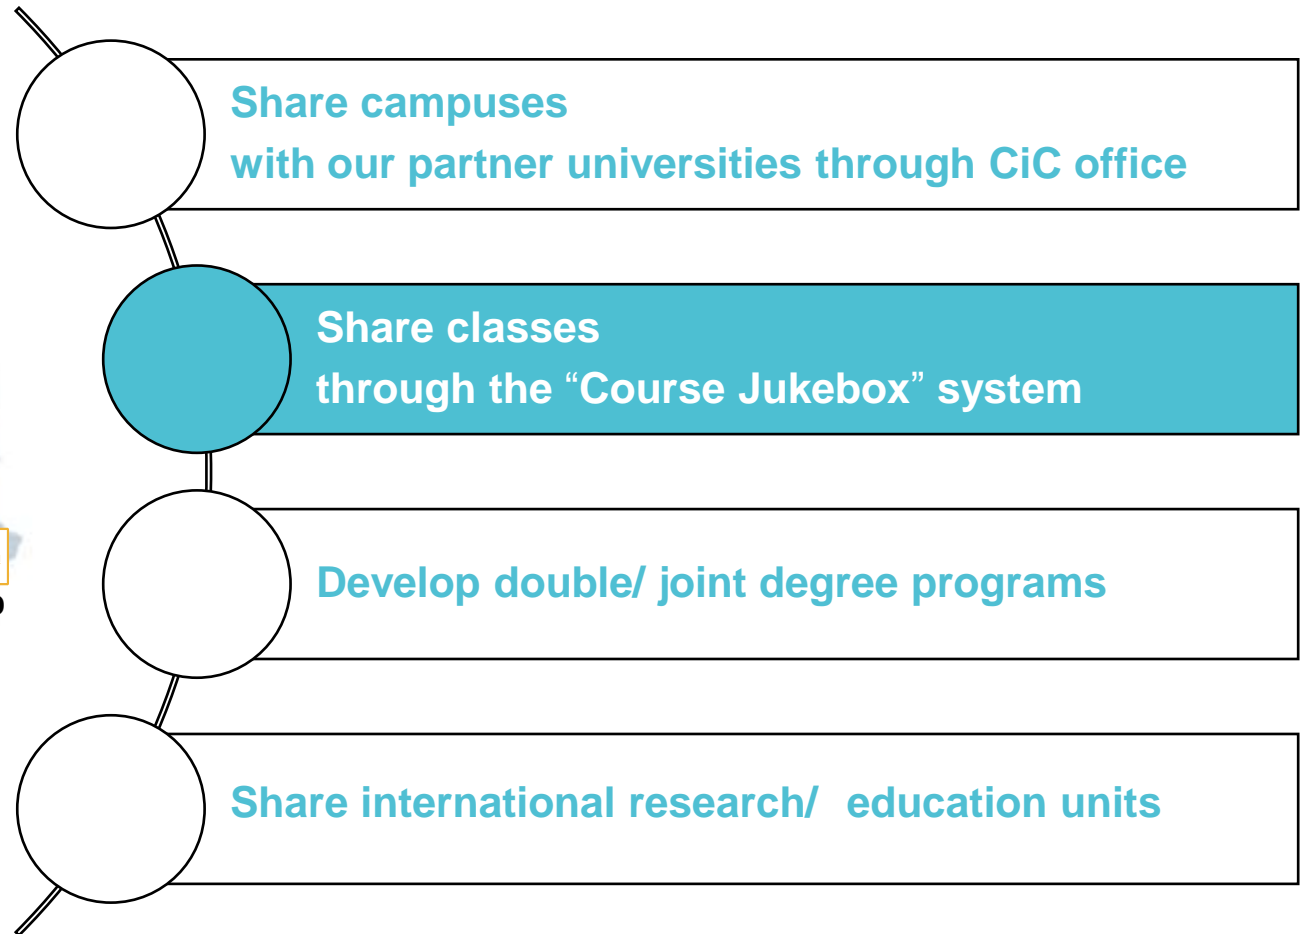

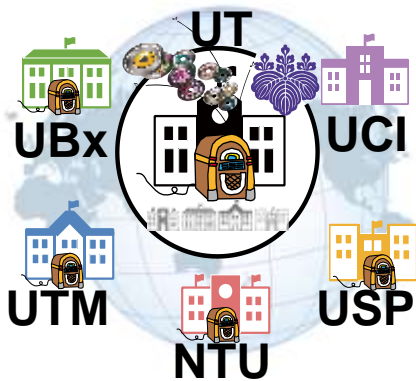

**Universiti Teknologi Malaysia (Malaysia)**

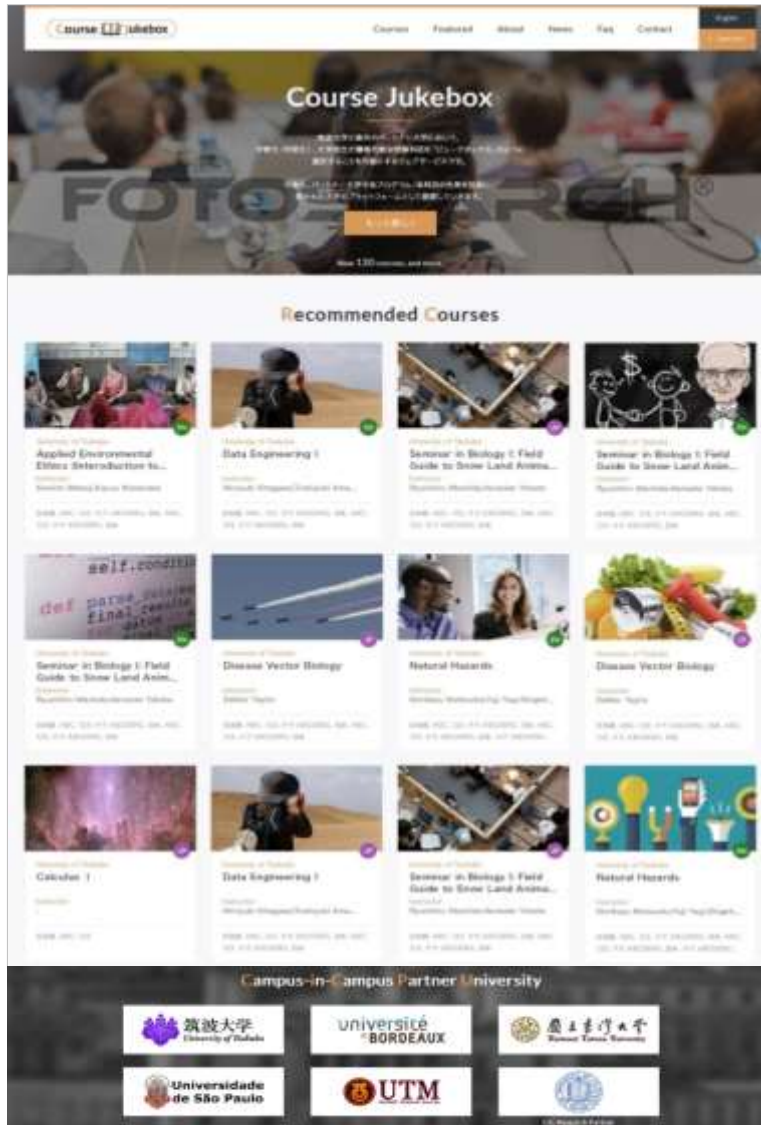

**University of Tsukuba**  
•Founding partner  
•About 1000 courses in CJ

## +5 more by AY 2023

## CiC partner's network

## A system of sharing of classes and teaching staff with partner universities

- Provides information about courses and educational programs (up-to-date courses' list and syllabi)
- Goal – to make shared tuned credits' transfer system in near future

# Double and Joint Degree Programs in CiC

## Double degree programs

MA  
**Transnational European  
 and East Asian Culture and  
 History (TEACH)**  
 w/ University of Bonn and  
 Korea University  
 (since 2012)

\* MA  
**Plant Biology and  
 Biotechnology**  
 w/ University of Bordeaux  
 (since 2015).

\* MA / Ph.D.  
**Pure and Applied  
 Sciences**  
 w/ Univ. Grenoble Alpes  
 (since 2016/2017)

\* MA / Ph.D.  
**Medical Sciences**  
 w/National Taiwan  
 University  
 (since 2012)

Ph.D.  
**Earth Evolution Sciences**  
 w/ China University of  
 Geosciences

MA  
**Global Food Security**  
 w/ Utah State University  
 (since 2015)

MA / Ph.D.  
**Medical Sciences**  
 w/Vietnam National  
 University  
 (since 2012)

MA / Ph.D.  
**Medical Sciences**  
 w/Ho Chi Minh City  
 University  
 (since 2012)

\* MA / Ph.D.  
**Global Food Security**  
 w/ National Taiwan  
 University  
 (since 2015)

MA  
**Global Food Security**  
 w/ University of Bordeaux  
 (since 2015)

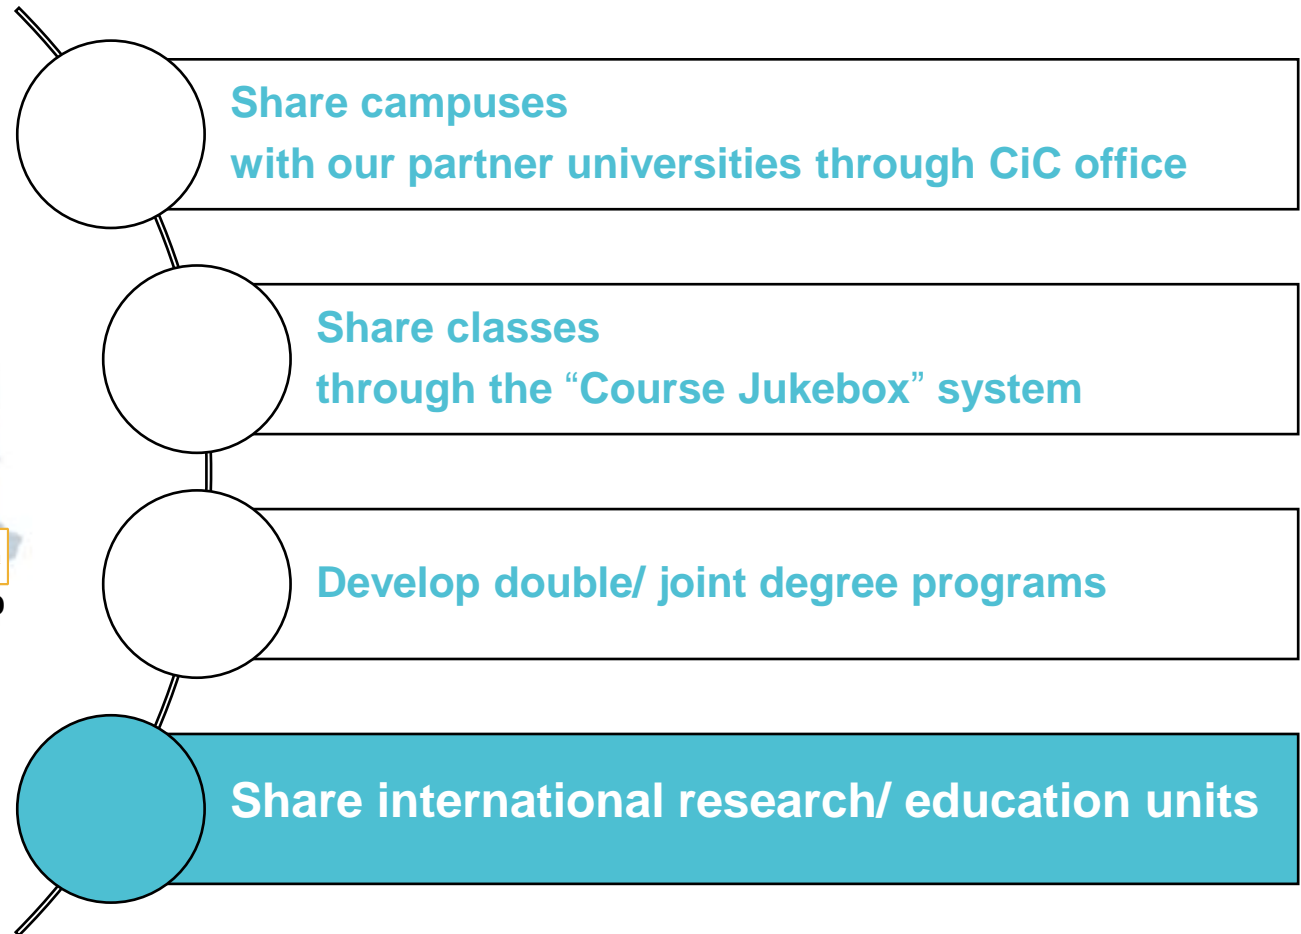

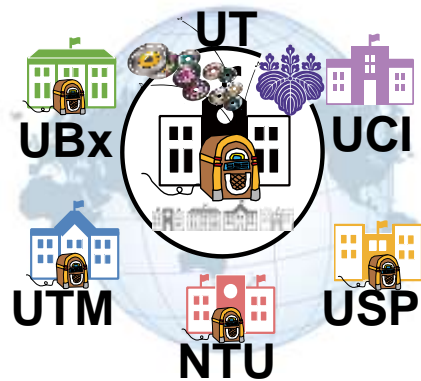

## Joint degree programs

\* MA  
**Agro-Biomedical Science**  
 w/ University of Bordeaux and  
 National Taiwan University  
 (since 2017)

\* MA  
**Sustainability and  
 Environmental Sciences**  
 w/ University Teknologi Malaysia  
 (since 2017)

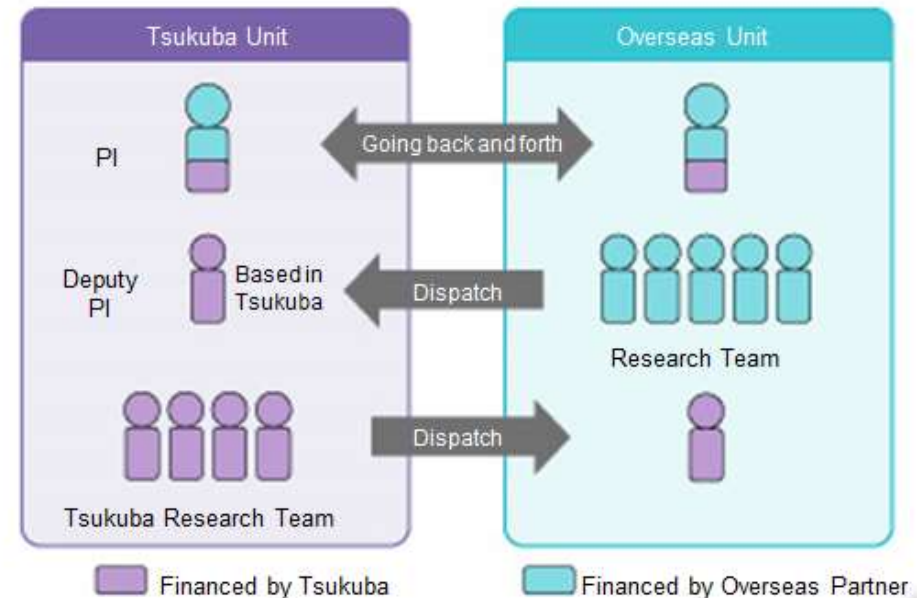

## CiC partner's network

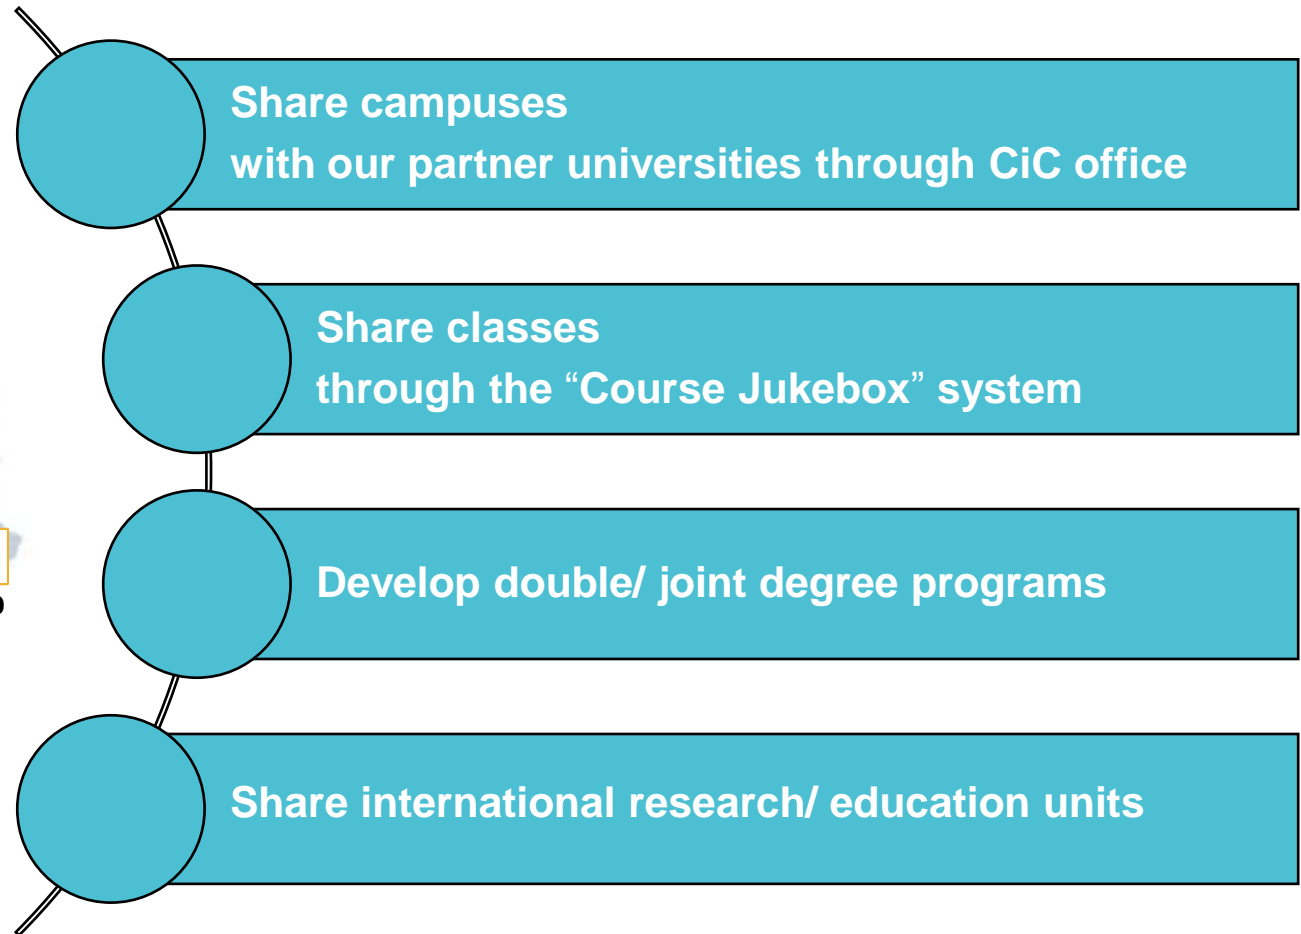

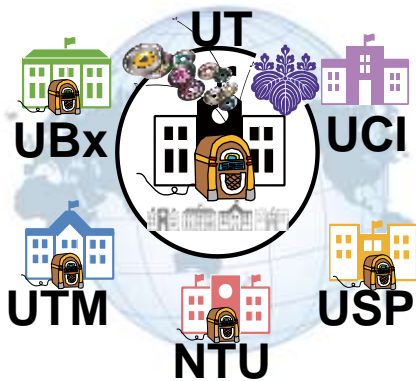

# Appoint “Principal Investigators (PIs)” jointly with world class overseas institutions.

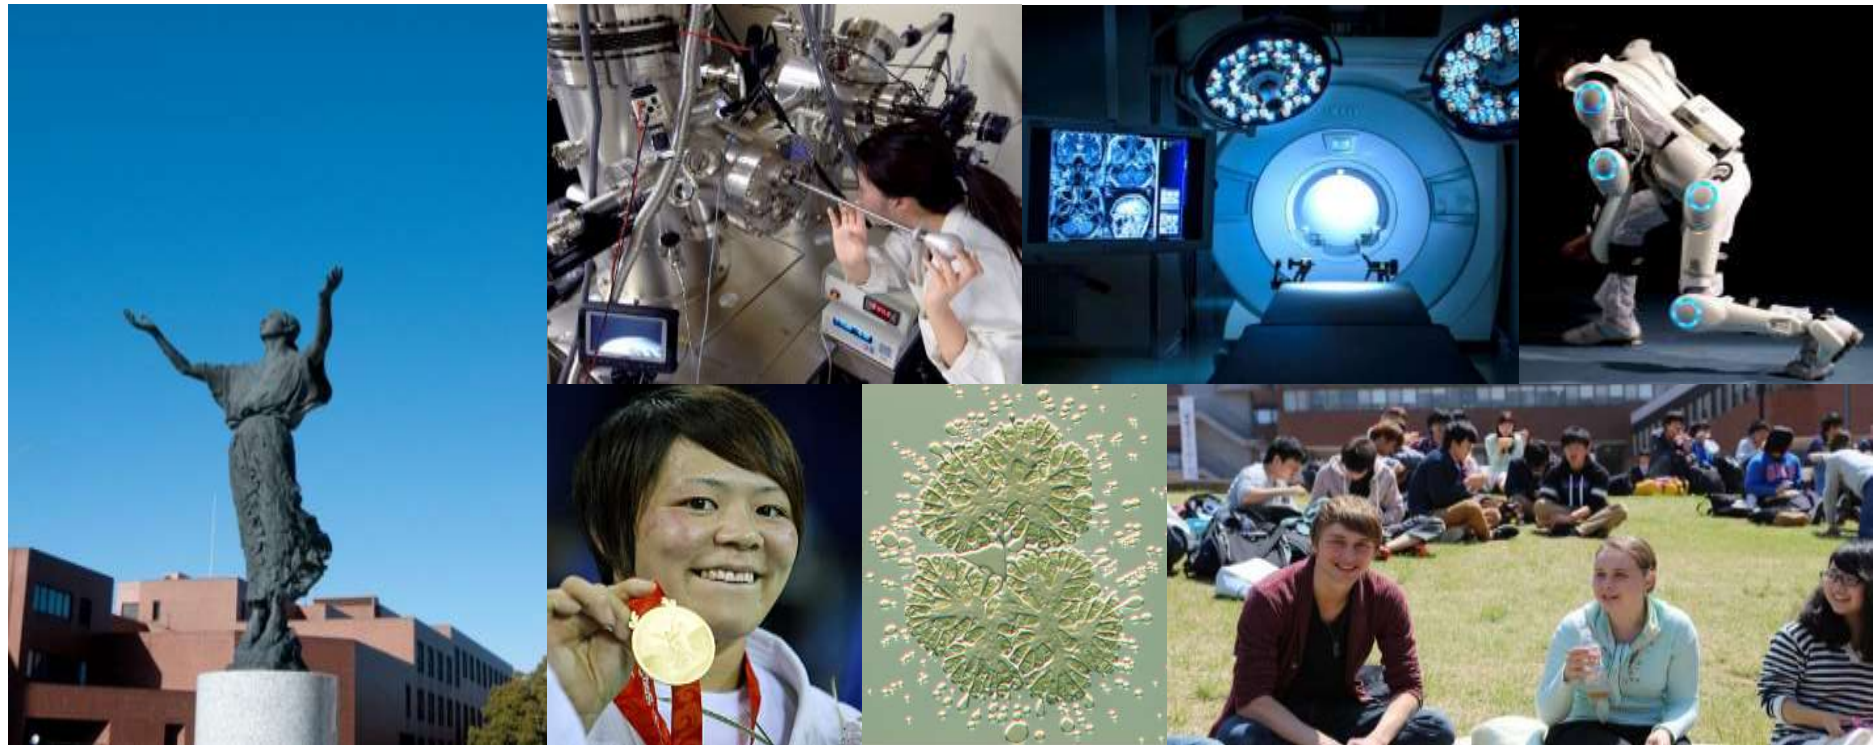

PI's period of residence alternates between the two institutions. While in Tsukuba, PIs are expected to run their own labs.

- We will also appoint Deputy PIs who will be based in Tsukuba and support PIs.
- We will send our researchers to the corresponding labs run by PIs in our partner universities.
