

Curriculum Vitae

Name		
Zhang, Liehui		
Position title		
Vice President		
Education		
1989 B.S.(Reservoir Engineering), Faculty of Petroleum Engineering, Southwest Petroleum University, Nanchong, Sichuan.		
1992 MS (Oil and Gas field development), Faculty of Petroleum Engineering, Southwest Petroleum University, Nanchong, Sichuan.		
1995 Ph.D.(Oil and Gas field development), Faculty of Petroleum Engineering, Southwest Petroleum University, Nanchong, Sichuan.		
Professional experience		
Jun.2014-Present	Vice president, Southwest Petroleum University	
Nov.2001- Present	Professor, Southwest Petroleum University	
Oct.1997- Mar. 1998	Visiting Scholar, Computer Modelling Group, Calgary, Canada	
Nov.1998 - Oct. 2001	Associate Professor, Southwest Petroleum University	
Apr.1995 - Oct. 1998	Lecturer, Southwest Petroleum University	
Professional memberships & service		
国内外十多个期刊编委		
Research, scholarly & teaching interests		
Fluid flow in porous media, especially in unconventional reservoirs, well testing, reservoir simulation and reservoir engineering. With experimental, theoretical and numerical researches on various aspects of flow and transport in porous systems, including experimental study of fluid flow in fractured-vuggy carbonate reservoirs, experimental and theoretical study of unconventional reservoirs. Over 190 scientific publications has been issued.
